

Children's Menu

As parents Chris and I really believe there's nothing wrong with chicken nuggets and fish fingers... as long as the chicken and fish used is good quality, free range chicken & sustainable fish. So in preparing our children's menu we take the same care in sourcing and producing the dishes as we do with our A La Carte dishes.

Our children's fish and chicken dishes use fresh produce from our local suppliers, the tomato sauce in our pasta dishes is made by our Chef's from fresh tomatoes and herbs and our children's ice creams are a single scoop from our adult's selection.

We also realize that not all children are the same size or some appetites so please feel free to the size that would best suit.

Chicken Strips, triple cooked chips & Heinz baked beans

Fish Strips, triple cooked chips & Heinz baked beans
